Call for Nominations

2013 M&SOM Best Paper Award

Each year *Manufacturing & Service Operations Management* (M&SOM) selects one paper for its Best Paper Award. This paper is deemed most deserving for its contribution to the theory and practice of operations management.

Nominations for this award will be accepted until March 30, 2013. All papers published in one of the prior three volumes of M&SOM (Volumes 12–14) are eligible. Nominations should be mailed to the editor (msomeditor@mit.edu) and will be handled as confidential input to be used only for the purposes of this award. Self-nominations are fine. Each nomination should contain the following information:

1. Name, affiliation, and email address of the nominator(s).
2. Bibliographic reference of the nominated paper.
3. Statement of support for the nomination—the nominator(s) should discuss the significance of the paper's current and future contribution to the theory and practice of operations management. A typical nomination is on the order of one page.

The M&SOM editor and editorial board will screen the nominations to determine a set of finalists. From the set of finalists, the Best Paper will be selected by an ad hoc committee appointed by the Manufacturing and Service Operations Management Society, in consultation with the M&SOM editor. The 2013 M&SOM Best Paper will be announced at the Manufacturing and Service Operations Management Society's summer 2013 conference. A subsequent announcement will be published in the journal along with the paper's abstract and a statement from the ad hoc committee highlighting the paper's contribution. The authors of the Best Paper will share a \$2,000 cash award, provided by the Manufacturing and Service Operations Management Society of INFORMS.

Past recipients of the M&SOM Best Paper Award are as follows:

2007 M&SOM Best Paper—Lariviere MA, Van Mieghem JA (2004) Strategically seeking service: How competition can generate Poisson arrivals. *Manufacturing Service Oper. Management* 6(1):23–40.

2008 M&SOM Best Paper—Gaur V, Seshadri S (2005) Hedging inventory risk through market instruments. *Manufacturing Service Oper. Management* 7(2):103–120.

2009 M&SOM Best Paper—DeHoratius N, Mersereau AJ, Schrage L (2008) Retail inventory management when records are inaccurate. *Manufacturing Service Oper. Management* 10(2):257–277.

2010 M&SOM Best Paper—Su X (2008) Bounded rationality in newsvendor models. *Manufacturing Service Oper. Management* 10(4):566–589.
